We are looking forward with pleasure to our annual reunion and banquet to be held May 14. You will enjoy every minute of your evening. There will be old friends to greet and new friends to make.

The classes of 1909, 1919, 1929, 1939, and 1949 are to be honored this year. Each class will have a representative on the program to be given that eye-
ning. If you are a member of any of these classes, you will be doubly interested and will want to make a special effort to be there.

Our alumni has made progress this past year for we now have a room in the newly decorated Science Building. At present it is not furnished but Mr. Percefull assures us it will be soon.

A few cannot make a successful alumni association. Each member must do his part. Our growth depends upon your loyalty and interest.

Yours sincerely,

Opal Nighswonger
Pres. of Alumni Association

A bit of the gay, sparkling chorus line of "Buttons and Bows" is pictured here. This novelty western dance number is currently appearing with the choir on its annual tour to schools in this area. With the exception of Doyle Strong, soloist pictured here, it is composed of members from the girls' physical education department directed by Miss Inez Patterson. The act also starred in the recent "Hellzapoppin" production under sponsorship of the Little Theatre.

HOMECOMING 1948

Homecoming was a success. I'm sure even though there may have been a few slips here and there. Essentially, it was pretty much of an extravaganza such as never before staged in Our Town. And those who attended the event had a good time.

The floats were beautiful and the theme of the "Parade of Progress" carried out very well. The kiddies formed a great part of the huge parade; the
bands were exceptionally fine, and the big one day celebration program was one of the biggest and best ever undertaken and presented on Homecoming.

The annual district teachers meeting which preceded Homecoming day, too, was successful according to reports from those who attended the sessions.

The college's Little Theatre play on Thursday night, opening the week-end festivities launched the entire event successfully. The play, "The Hasty Hearts," was well received and was well presented by the students.

All in all the expression on the street and after the program was that it was the greatest of them all in the 30-year history of the event which started as a campus pep rally before the Rangers' annual football game for the Old Grads.

NORTHEASTERN STATE IS ACCREDITED IN NORTH CENTRAL ASSOCIATION

By unanimous ballot of the 40-man board meeting in Chicago last week Northwestern became a member of the North Central Association. Announcement was made by Pres. Sabin C. Percefull upon his return from a meeting of the association in Chicago.

Northwestern, along with six other state colleges, voluntarily withdrew from the association upon the recommendation of Governor Bill Murray in 1927. Application for reinstatement was not made until last year.

The college has always been a member of the American Association of Teacher Colleges and Universities, the only national accrediting association in existence. Credits had been accepted from Northwestern at nearly all colleges and universities in the United States. However, membership in the regional organization was very desirable.

Last year National ratings of sororities and fraternities had been taken from the college because of not belonging to the regional accrediting organization. "The return of national ratings to the fraternities and sororities will be a great boon to these organizations."

Although student's credits had been accepted without question all over the Nation, yet the prestige and honor to our Alumni and students is an honor that they well deserve, and of which we are all proud.
